I am 28 years old and I live in Istanbul. I have been interested in electronics since childhood. This curiosity led me to make robots and to learn how to program them. I have focused rowing and enhancing my skillset consists of all these areas. My main goal in this field is being productive to solve real life problems by having a pragmatic mindset. Currently, I am advancing my career in web programming and mobile programming.

Education

HarvardX, M.M. Computer Science & Mobile Apps	2022 – 2023
